Cancellations

If it is necessary for you to cancel a registration, please contact us as soon as possible; we often have waiting lists. We will refund your full registration fee if you let us know at least 7 days before your scheduled arrival (otherwise the deposit is non-refundable).

Roommate Preference

You may specify one or two names during online registration. We will honor this if possible. For those coming with a church group, please specify someone in your group or enter the church name. Larger groups requesting each other may have to be split into two cabins.

Repeat Campers (NEW for 2023)

Please note that at this time campers will only be allowed to register for 1 week of summer camp. Our registrations and waiting lists have increased greatly over the last couple of years, and we desire that as many kids as possible get to experience a week of summer camp.

Food Allergies

If you child has special dietary needs please contact our Food Service Director prior to arrival so that we can work out a plan for your child. The allergy section of the registration portal has a listing of common food allergies so please complete it. We regret that we do not have the resources to accommodate all individual needs and preferences. We may ask that you bring items to supplement. Any foods to be heated should be microwave ready. Please clearly label with your child's name. We do not have facilities to cook extra items from scratch. They need to be ready to "heat and serve" from microwave or oven. Your child's health and safety are very important to us—we want to do everything we can to assure that your child has a great time at camp. More information will be emailed to you before your child's camp week.

Prescription medications must have the child's name, drug, dosage and date clearly indicated. Please note that we can only dispense over-the-counter medications as directed on the bottle, so any OTC medications must be applicable to your child (for example, melatonin that is labeled for adult use cannot be dispensed to children by our first aid personnel). All medications must be checked in at registration and kept in first aid. If your child takes a controlled medication, please only send the amount needed for the week in the original prescription container. We keep basic first aid supplies on hand.

Spending Money

We have a snack shop and camp store for campers. There is a \$15 snack fee that will cover all snack shop visits for the week. Our Camp Store has a variety of water bottles, souvenirs, and T-shirts (\$15-\$30). You can add money to your child's store account during online registration.

Missionary Offerings

Each week we have missionary speakers at camp who present a special project related to their work. Campers are given an opportunity during chapel each evening to give an offering to the project.

Homesickness

In case of extreme homesickness, we will contact parents to notify them of the situation and ask them to recommend a course of action.

Lost & Found

Please be sure names are on clothing and other belongings such as cameras, Bibles, etc. Please contact the camp office and clearly identify lost items that you want returned to you; we ask that you pay postage. Items not called for within 30 days will be given away.
